YOU HAVE A BRAIN. **Train it.** YOU HAVE A BODY. **Nourish it.**

YOU HAVE A HEART. **Share it.**

THIS JOURNAL BELONGS TO:

NAME: _____

PHONE: _____

EMAIL: _____

MY COMMUNITY:

TEAM: _____

PARTNER: _____

EMAIL: _____

PHONE: _____

MY T SCHOOL PLEDGE:

I _____ commit to writing in this journal daily because I know it will help me become more clear, focused, and aligned with my fitness, health, and life goals.

I believe I am just as worthy, capable, and deserving of extraordinary health, prosperity, and happiness as any other person on Earth and from this day forward, I will make conscious choices to align my actions with my greatest goals and desires. If I miss a day, I promise to return the next day and recall the events and circumstances that I am grateful for and complete the journal entry to continue. Life is not a straight line and sometimes we don't understand the detours. But we go on and we breathe.

I understand that by healing myself and becoming the best person that I can, I am also giving a gift to my family, friends, and community. It is not only my birthright to be vibrant and healthy, but also my duty and responsibility as a human being who shares the world with others. My optimal health allows me to give more, love more, and celebrate more. Health is my foundation and my creation.

Date _____

Name _____

Congratulations, on taking a stand to care for yourself!

This journal was designed to help you each step of the way as you learn powerful tools to improve every aspect of your life including the way you eat, sleep, move, and think.

As Henry Ford said, “Whether you think you can or think you can’t, you’re right either way.” Research shows that people who keep a journal are twice as successful at achieving their goals as those who do not! Practiced intention, action, and accountability are the foundation for lasting change. Let this journal serve as a framework for crafting your personal practice for vibrant, electrifying health and well-being.

THE POWER OF THREE

Those well versed in geometry know that a triangle with three sides is the most stable shape. This is why bridges and buildings that must carry a lot of weight have structural elements based on triangles. This journal will also rely on the power of three to help you simplify your goals and pathway to them. You will learn to use the power of your mind, your body, and your heart to transform the way you see yourself, your world and your place in it. Congrats, you are on your way!

#1. NUTRITION

Nutrition is the foundation of your physical and emotional health. If your diet is not sound, nothing built upon it will be either. Learning to eat clean is not only imperative for you to lose fat, feel great, and improve your health, it's imperative for your joy, happiness, and productivity.

Bottom line: If you eat crap, you will feel like (and quite possibly look like) crap.

#2. FITNESS

Exercise is the second component of vibrant health and well-being. Our bodies were designed to move and to work - it is not optional, it is essential. Our bodies not only love exercise, they require it.

Bottom line: Exercise and eating clean is the best anti-aging remedy there is.

#3. PREPARATION AND PRACTICE

If losing weight and keeping it off was easy, there'd be no need for this journal. The fact is, we all know WHAT to do, and even if we learn HOW to do it, it can still be very challenging to KEEP doing it! This journal will help you stay mindfully committed!

Bottom line: Habits not only define our health, they define our lives. Daily attention to our choices is crucial to our ability create & sustain the healthy lives we dream of.

MAXIMIZING YOUR SUCCESS

PLANNING FOR SUCCESS

T School Program Goals
What are your top three goals for T School?

Weekly Goals
List 3 weekly action steps to support your goals

Daily Goals
Prioritize with one daily goal - Simplify and fly

KEEPING IT REAL

Food Journal
Think, plan, enjoy, write.

Exercise Log
Schedule it, do it, log it

Progress Diary
Track your progress and celebrate your successes

GOAL TENDING

Week in Review
Assessing your weekly goals and actions

Accountability
Assessment and accountability updates

Practice Makes Perfect
Making mindfulness a daily habit/ritual

“Clarity is the most important thing. I can compare clarity to pruning in gardening. You know, you need to be clear. If you are not clear, nothing is going to happen. You have to be clear. Then you have to be confident about your vision. And after that, you just have to put a lot of work in”.

– Diane Von Furstenberg –

GET CLEAR

All change begins with a vision of what you want. To help get clear about your own goals and health aspirations, complete our Clarity Quiz to the right.

It’s impossible to know where you’re going if you don’t know where you’re beginning. This also helps you become clear about what you need from this program and how we can support you. **This is step one, DO IT NOW.**

CLARITY QUIZ

I signed up and for and feel ready to make the commitment to T School now because...

My top three goals during this program are:

1.

2.

3.

What are your three greatest challenges in staying consistent with your goals and daily health practice?

1.

2.

3.

“Coming together is a beginning; keeping together is progress; working together is success.”

– Henry Ford –

GET CONNECTED

The strength of community runs deep. In Huichol shamanism, **community is one of the three core aspects of healing**. It's like the bridge between our self and the world.

Harness the resources T School offers and watch your world change.

DO THIS:

- Participate with your assigned Team Coaches and teammates
- Join our private FB community www.facebook.com/tschool
- Go to www.pilates1901.com/resources for extra support and guidance

“Accountability sets the wishers in life apart from the action takers that care enough about their future to account for their daily actions.”
– John Di Lemme –

GET REAL

Let's face it: a goal without a plan is just a wish. Good health isn't built on wishes, it's built on a plan. A plan requires action, accountability, and practice.

Get real and keep it real by taking the following steps:

- Sign up NOW for our Fitness Assessment App: www.pilates1901fitapp.com
- Book your workshops, monthly assessments, & workouts on your personal calendar NOW. If it's not on your calendar, it's not real.
- Enlist help. Get an accountability partner. (If you need help, ask your Team Coaches) **EVERYONE HAS AN ACCOUNTABILITY PARTNER. PERIOD.**

**“The food you eat can
either be the
safest and most powerful form
of medicine,
or the slowest kind of poison.”**

– Dr. Ann Wigmore –

GET CLEAN – FOOD FOR YOUR BODY AND BRAIN

This trimester, you will learn how to eat for increased energy, better sleep, and better body composition. To do that, you need to understand the importance of macro-nutrients and the many roles they play in our bodies.

PROTEINS (4 kcal per gram) To build and repair body tissues and structures.

Benefits:

- Growth and maintenance of muscle mass
- Making essential enzymes and hormones
- Tissue repair and immune function

FATS (9 kcal per gram) To fuel the body's metabolic needs.

Benefits:

- Provides insulation for body temperature and cushioning to protect body organs
- Promotes and maintains cell membranes and protects nerve sheaths.
- Plays a vital role in the digestion of vitamins. Specifically, A, D, E, and K.

CARBOHYDRATES (4 Kcal per gram) To fuel the body's metabolic needs.

Benefits:

- Carbohydrates are broken down into glucose, which is the preferred source of energy for our brain, heart, and central nervous system
- Carbohydrates contain fiber which is essential for intestinal health.
- “Clean” carbohydrates provide dense nutrition and energy. Processed carbohydrates and sugars do not. They damage us.

CLARITY QUIZ #1

What foods trigger you most?

What time of day is the hardest for you to
make good choices? Why?

Knowing what foods and situations trigger
me, I will do the following to create a plan:

GET MOVING – EXERCISE YOUR RIGHT TO BE WHOLE & CONNECTED

This trimester, we highlight the physical and psychological benefits of regular exercise. Some have called it the magic anti-aging pill. Others have called it the cheapest anti-depressant and therapy you can find. One thing's for sure: our bodies were designed to move and move they must.

**“It does not matter how
slow you go; so long as
you do not stop.”**

– Confucius –

MUSCULAR STRENGTH & ENDURANCE

Strength training promotes muscle mass growth and maintenance.

Benefits:

- Strength training helps maintain an active metabolism & good body composition
- Strength training helps maintain bone health and density
- Strength training helps delay aging-related falls and dysfunction

CARDIOVASCULAR FITNESS

Preserves cardio respiratory system.

Benefits:

- Increased energy and endurance
- Increased metabolic effect if performed correctly
- Prevents cardiovascular and heart disease

FLEXIBILITY

To preserve functional range of motion.

Benefits:

- Maintains posture and body alignment
- Decreases risk of injury
- Helps maintain balance

CLARITY QUIZ #2

What is your favorite type of exercise?

What usually interferes with your exercise plans?

Knowing this about yourself, what can you do to make time for exercise that you enjoy on a regular basis?

GET READY AND PRACTICE

We all know what to do to achieve better health, better sleep, and a better attitude, and we may even do it for a time...until we fall off the wagon, and you know the rest of the story. **The only way to LIVE your HEALTH is to PRACTICE HEALTH like it's your job.** Because it is. Investing today in the quality of your life is more important than any other activity. **We only get one life, people. Why waste it? Wake up!!!**

**“Your first ritual that you do during
the day is the highest leveraged
ritual,**

**by far, because it has the effect of
setting your mind, and setting the
context, for the rest of your day.”**

— Eban Pagan —

CREATE A MORNING RITUAL (The “A.M. I AM”)

Setting your intention for the day with a daily ritual creates an attitude of mindful awareness as a practice for success.

Benefits:

- Increased feelings of gratitude and happiness
- Increased focus and commitment
- Increased confidence and energy

WRITE IN THIS JOURNAL

To bring your awareness to your daily, weekly, and monthly choices.

Benefits:

- Accountability
- Personal history: it will be fun to see how far you've come
- Process: writing is a form of daily ritual - what better story to tell than your own?

LEAN IN - YOUR COMMUNITY IS POWERFUL

We are stronger together than alone in our goals.

Benefits:

- Improved accountability in teams and partnerships
- Support for common goals and vision
- Keeping your focus on the fun

Are you having an off day? Feeling sad, depressed, or anxious maybe?

You will be glad to know that you can chase all the blues away just by listening to your favorite music. Considered as a natural anti-depressant, music can give you the euphoric high that anti-depressant medications can bring. So, if you are looking for a great way to end your crappy day, read on to learn more about how music can uplift your mood, fast! Here are your T School Top 100 (and counting) Happy Songs submitted by Tina, your coaches, and the 1901 staff. Enjoy! And if we missed one, post it on our T School FB page!
